

We Care

At Urban Products we want to ensure your experiences with us are top notch! Like many of our customers we are a small family owned business who face the highs and lows of the retail industry.

Exclusivity

We support you in helping to maintain a unique point of difference by providing a 1km exclusivity zone for every product, meaning you and your fellow business owners can have the best chance of selling possible.

Product

Urban Products is proudly Australian owned & managed. As a team we work hard to deliver mostly Australian designed, trend-driven, quality products. We release over 500 new products each season and always want to surprise our customers with a wow factor.

Support

We do not sell direct to the public, neither online or through store-front. We believe in supporting independent retailers. We also know it's a two way street, so we value your ongoing support and strongly believe in having your back too.

Quality Service & Tools

Sales Team

Our lovely sales team (we are sure our long-term loyal customers know & love who they are) are always there with the intention to help YOU. We do not set sale targets for our team as we strongly believe they are there to provide you with guidance & support, not just to hit the right figures.

Buying Tools

We like to make things as easy as possible, as we said.....as business owners ourselves we know running one can be tough! We currently provide a user friendly website, a full online catalogue, a beautiful trade fair stand and our Melbourne Showroom!

Socials

Sharing is caring! We not only provide downloadable images for you to use and share online, but we also love to engage with you on our social media and are always looking to repost your great snaps of our products.

FRANKIE B DESIGN

Founded in 2019, Frankie B Design started as a creative outlet for this mum to get a bit of quality "me time" in between the ins and outs of motherhood. What started with a "30 artworks in 30 days" challenge on Instagram has now grown into what you see today with Frankie B Design artworks residing in homes/offices all over the world. Drawing on the unique environment of Mackay where she lives and the nearby Whitsundays. Brigitte uses her unique style which combines traditional and digital techniques; her other major influence being colour and pattern. Brigitte's aim is to brighten spaces with her work.

May Gibbs is one of Australia's best loved classic children's book writers and artists. May's deep love of the Australian bush was portrayed in her work, engendering in children her own love of nature.

When she died May Gibbs bequeathed her work to The Northcott Society and Cerebral Palsy Alliance. Through her foresight, May Gibbs has helped thousands of Australian children living with disability and their families.
